

# 5

## NEW FAMILIES WHO LOVE TO HANG TOGETHER!

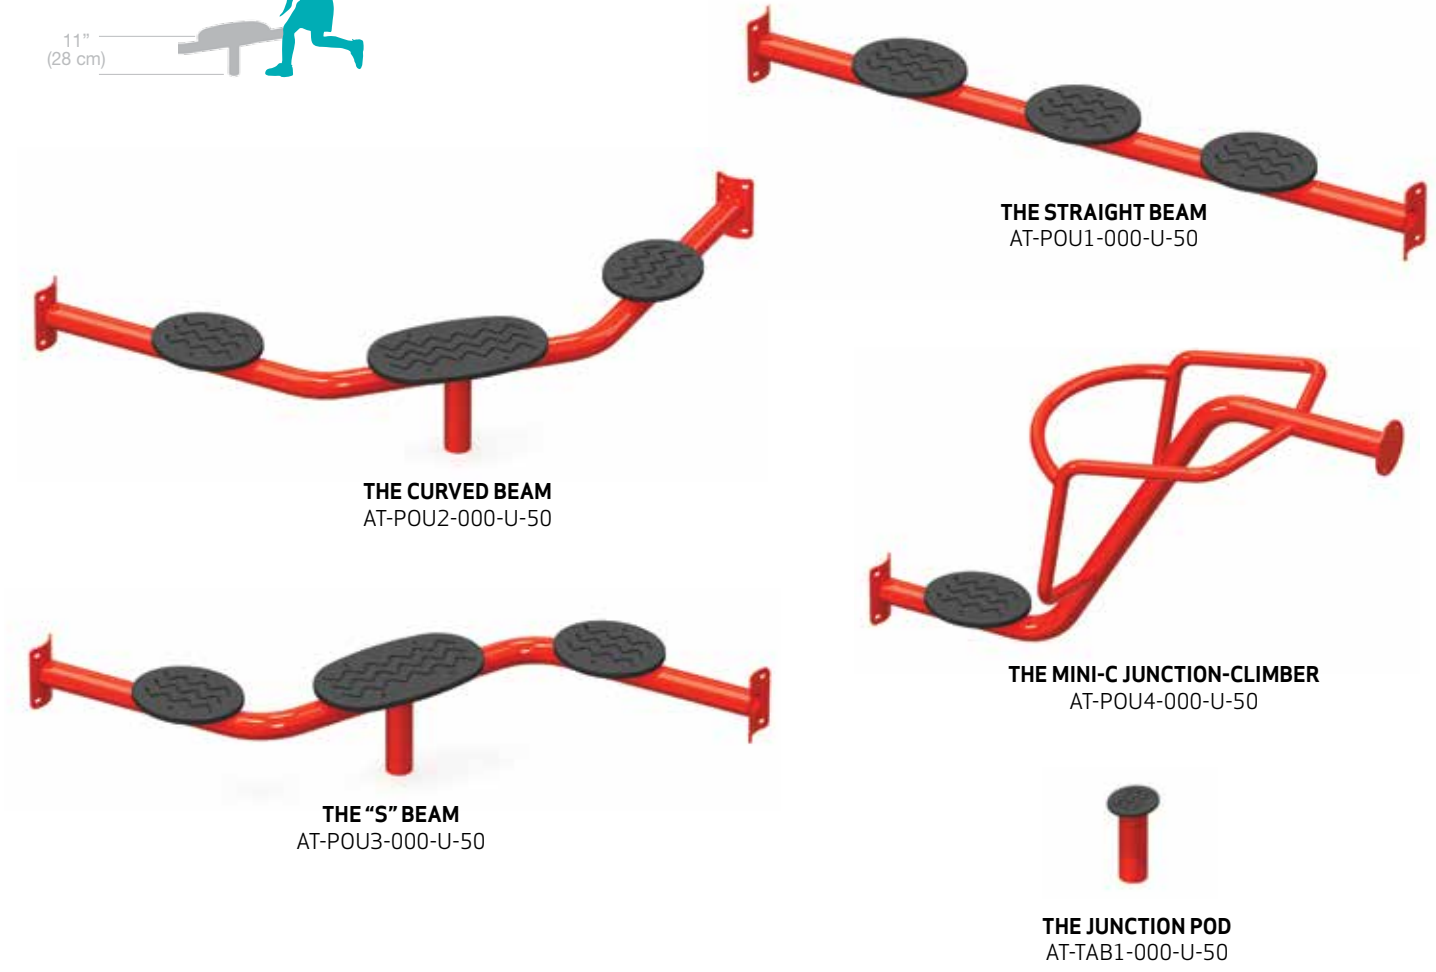

Your recreational space will never be the same!

## The Equipods™

... configured based on your needs

- A modular system of balance beams that can be arranged in a configuration to suit your needs
- Suitable for the youngest and the oldest (18 months to 12 years old)
- Develops balance and coordination
- An imaginary world at children's fingertips, one time an adventure into outer space, the next the crossing of a great canyon, etc.
- Compatible with our J3, J4 and Xyrä lines.

## PLAYFUL, PHYSICAL, IMAGINATIVE!

These new products mark a shift in the world of outdoor playground equipment. Never before has a line so complete and original been seen on the market. Carefully-designed equipment that gets children moving, brings them together and fosters their communication and socialization.

Configured the way you want and fully compatible with all Jambette's other product lines, including J3, J4 and Xyrä.

	CLIMBING		SOCIALIZING
	BALANCING		IMAGINATION
	CRAWLING		LEARNING
	PUSHING UP		

## The Allo-phones™

... stay within earshot of your friends at all times!

- Fun communication system with two or more speaker cones
- Sound is propagated through beams of the Equipods™
- Can be installed on J3 play structures and J4 challenge circuits... enjoy inter-product communication!

## The Mini-Cs™

For little explorers and climbers at the start of their career!

- Climbers that stimulate the muscles and imagination!
- Perfect for enhancing themed layouts such Nature, Space, Aqua-Nautical, Public Services
- Available in all Jambette colours
- Connectivity with the Equipods™ using the Mini-C™ climber connector (see previous page)
