

# Recreational SPACES

## BASIC FEATURES

AGE GROUP: 18 months to 12 years old

CHILD CAPACITY: 10 children

## DESCRIPTION

An assembly of play panels that offer a variety of stimulating activities.

## BODY MOVEMENTS

Learning  
Light (3)

Imagining  
Intensive (10)

## ANCHORING

### ON STRINGERS

This product is anchored by a system of frames covered with a protective coating buried in the ground. Some parts of the frames can be made from recycled plastic.

## MATERIALS

### METALS

**Post(s):** 6061-T6 aluminum alloy tube measuring 3-1/2" (89mm) in outer diameter, with 0.148" wall thickness.

**Hardware:** Made of stainless steel, Anti-vandal type.

**Stainless Steel:** No. 8 stainless steel. Used as durable reflective surface or mirror.

### PLASTIC MATERIALS

**Panels:** High density polyethylene (HDPE), colored in the mass. (sv)

**Transparent Material:** 1/2" colored translucent resin panel

### COATINGS

**Paint:** Z-Series polyester powder, with ultraviolet (UV) rays and weather extreme resistance. Our paint also has antibacterial and antiviral properties.(sv)

**Galvanization:** Some attachments are hot dipped galvanized.

### FLEXIBLE MATERIALS

**Rubber:** 1/4" thick rubber strap made of three rubber layers laminated with two polyester linings. The top and the underside are smooth.

**Vinyl cover:** Vinyl IP 1850 FR mildew and cold resistant (-40 degrees Celsius, FR CAN/ULC-S109)

## COLOUR CHOICES
